COLLÉA

HA + COLLAGEN TYPE III

DAESUNG MEDI CO.,LTD

1mL x 1ea

WHAT IS COLLÉA?

Colléa™ is an advanced **collagen-stimulating filler** designed to restore volume, improve skin quality, and promote long-lasting rejuvenation from within.

Unlike traditional fillers that focus solely on immediate volume replacement, **Colléa™** works by supporting the body's natural collagen production process, helping to rebuild the skin's structural foundation over time.

SPECIFICATION

Composition

rh-Collagen Type III – **30mg**
Sodium Hyaluronate – **10mg**

Package

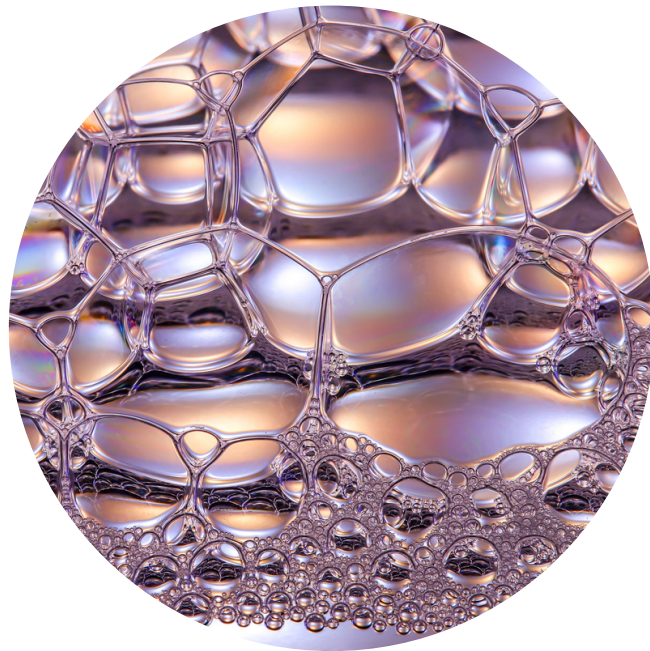

1mL * 1ea

Shelf Life

3 years

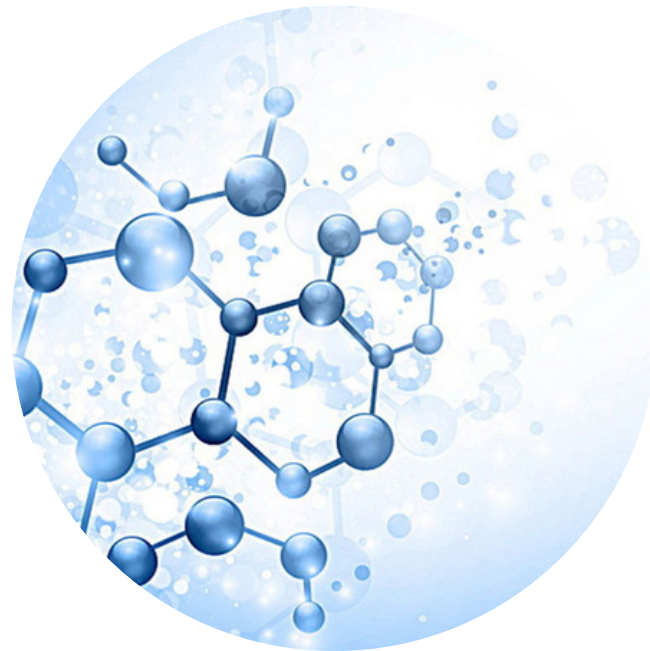

KEY INGREDIENTS

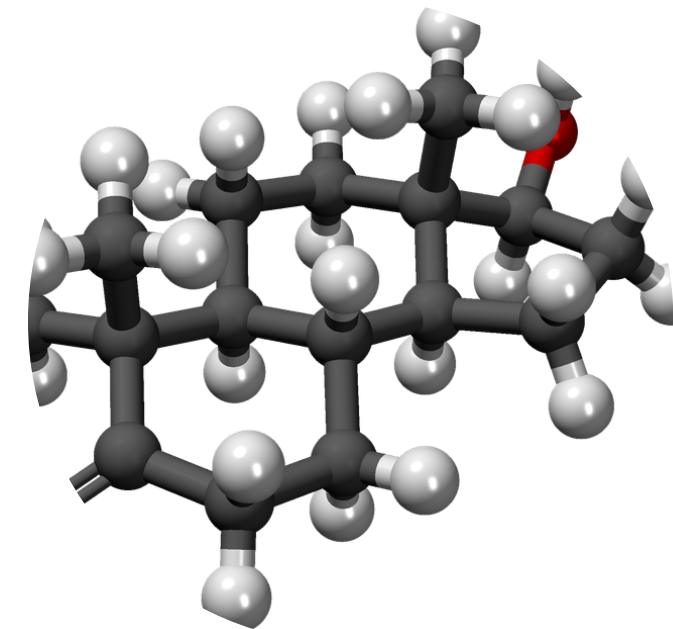

COLLAGEN – 30mg

Skin firmness and
regeneration
