

ALN LAB

Aesthetic. Longevity. Nature.

ALN LAB is a premium personal care and dermocosmetics brand dedicated to transforming everyday care into meaningful rituals of self-connection. In the rhythm of modern life, we believe personal care should go beyond routine becoming a moment of balance, comfort, and indulgence. Our mission is to elevate daily care into sensory rituals that help individuals reconnect with themselves through refined textures, effective formulations, and thoughtful experiences. Each ALN LAB product is carefully developed to deliver visible care while offering a holistic experience that nurtures both the skin and the senses.

Our vision is to build a loyal community that embraces self-care as a lasting habit and values personal wellbeing as an essential part of everyday life. In the long term, ALN LAB aims to become an indispensable care brand for those who seek quality, elegance, and self-value

Inspired by Nature

We carefully select high-quality ingredients inspired by nature and develop formulas designed to work in harmony with the skin

Backed by Science

Our formulations combine naturally inspired ingredients with scientifically recognised actives to help support the skin's balance and healthy appearance.

We Care About You

At ALN LAB, we believe skincare is a personal ritual — a dedicated moment for yourself, your wellbeing, and your comfort.

Our Story

ALN LAB is a timeless personal care and dermocosmetics brand created for refined lifestyles.

Our journey began with the vision of bringing together the purity of nature and the innovation of modern cosmetic science. Each formula is carefully crafted to care for both the skin and the senses, guided by our philosophy of quiet luxury — where quality is felt through simplicity, texture, and performance.

Satin Step

Foot Cream

Intense hydration, deep repair, and freshness in one.

Developed for feet prone to dryness, roughness, and hardened skin, ALN LAB Satin Step Foot Cream is an intensive care formula enriched with nourishing oils and moisturising actives to help restore softness and comfort while supporting the skin barrier.

Shea Butter and **Argan Oil** help soften dry and rough areas and improve the appearance of hardened skin caused by dryness, while **Tea Tree Oil** helps provide a long-lasting feeling of freshness and comfort.

Its rich yet fast-absorbing texture helps leave the skin feeling softer, smoother, and more supple without a greasy residue.

100 ml

Velvet Touch

Hand & Body Lotion

Daily moisturising and skin barrier support for soft, balanced skin.

ALN LAB Velvet Touch Hand & Body Lotion delivers daily hydration and nourishment in a lightweight formula designed to help maintain the skin's moisture balance and support the skin barrier. Formulated with **1% Pentavitin®**, **3% Provitamin B5 (Panthenol)**, and **1% Sodium PCA**, it helps support the skin's natural moisture retention, reducing the feeling of dryness and tightness while delivering long-lasting comfort.

Argan Oil helps nourish and soften the skin, while **Allantoin** helps soothe feelings of sensitivity. Its lightweight, fast-absorbing texture leaves the skin feeling smooth, soft, and refreshed without a greasy finish.

150 ml

Cutie Care

Cuticle Oil

Balanced nourishment and gentle care for nails and cuticles.

Developed for the daily care of nails and cuticles, ALN LAB Cutie Care Cuticle Oil is a lightweight nourishing treatment designed to help soften dry cuticles and improve the overall appearance of nails. Its formula is enriched with **Keratin**, **Jojoba Oil**, **Sweet Almond Oil**, **Squalane**, **Ceramides**, and **Vitamin E** to help nourish dry and damaged cuticles while supporting stronger, healthier-looking nails.

Keratin helps protect the nail structure and reduce the appearance of brittleness, while **Ceramides** and **Squalane** help support the skin barrier around the nails. With regular use, nails and cuticles appear softer, smoother, and well cared for.

20 ml

Royal Skin

Raidant Moisturizing Cream

A special formula that delivers the moisture your skin needs while giving it a natural glow and light reflection.

ALN LAB Royal Skin Radiant Moisturising Cream is developed to deliver lasting hydration while enhancing the skin's natural radiance.

Hyaluronic Acid helps provide all-day moisture, while Jojoba Oil helps deliver an immediate feeling of softness and smoothness from the first application.

Its lightweight texture absorbs quickly without leaving a greasy feel, helping the skin appear brighter, fresher, and more luminous. Its complexion-enhancing formula helps improve the appearance of a more even-looking skin tone and natural glow.

110 ml

Touch Me Tender

Body Peeling

Gentle exfoliation with nourishing care.

ALN LAB Touch Me Tender Body Peeling is developed to gently exfoliate and purify the skin while delivering nourishing care.

It helps remove dead skin cells and improve the appearance of skin texture, supporting smoother, softer, and more radiant-looking skin.

Its formula, enriched with **5% Shea Butter** and **5% Argan Oil**, helps nourish the skin after exfoliation while supporting the skin barrier. **Caffeine** provides an energising care sensation and helps the skin appear fresher and more vibrant.

With regular use, the skin feels smoother, softer, and naturally revitalised.

250 ml

Nude Scent

Shower Gel

Gentle cleansing with moisture-supporting comfort.

ALN LAB Nude Scent Shower Gel is designed to gently cleanse the skin while helping maintain its natural moisture balance.

Its formula is enriched with **Panthenol (Provitamin B5)**, **Aloe Vera**, **Beta-Glucan**, and **Oat Extract** to help support the skin barrier and reduce feelings of dryness and tightness during cleansing.

Suitable for daily use, including sensitive skin, it leaves the skin feeling clean, soft, and comfortable without dryness after showering.

200 ml

Velvet Touch Ceramide

Hand & Body Lotion

Strong skin barrier support. Long-lasting hydration. Silky comfort.

Developed to help address dryness and moisture loss, ALN LAB Velvet Touch Ceramide Hand & Body Lotion is an intensive care formula enriched with Ceramides and moisture-supporting actives to help strengthen the skin barrier and provide lasting comfort. Its formula, containing **Ceramides**, **Pentavitin®**, **Sodium PCA**, and **Panthenol**, helps support the skin's moisture reserves while reducing feelings of dryness and tightness and helping the skin feel more resilient against external stressors.

Enriched with **Argan Oil** and **Vitamin E**, it helps nourish the skin and improve the appearance of softness, smoothness, and overall skin comfort. Its lightweight, fast-absorbing texture provides comfortable daily care without leaving a greasy feel.

500 ml

Dorée

Hair Perfume

The luxurious finishing touch to your care routine, with exotic and floral notes.

ALN LAB Dorée Hair Perfume is designed to refresh the hair while enveloping it in exotic fruit and elegant floral notes.

Its lightweight formula helps leave the hair feeling refreshed and soft while enhancing its natural shine throughout the day. A refined final step in your beauty ritual, offering a long-lasting and memorable scent experience.

50 ml

Invisible

Face Sunscreen

PA++++, UVA+UVB protection together with support for moisture and barrier balance.

ALN LAB Invisible Face Sunscreen **SPF 50+ PA++++** combines advanced UV filter technology with skincare actives to help protect the skin against the harmful effects of **UVA** and **UVB** rays while supporting hydration and skin comfort.

Its formula is enriched with **Niacinamide**, **Pentavitin®**, and **Sodium PCA** to help reduce feelings of dryness caused by sun exposure, support the skin barrier, and maintain moisture balance throughout the day. Its lightweight, invisible texture blends seamlessly into the skin without leaving a white cast, making it suitable for daily use.

Its broad-spectrum filter system helps protect the skin from sun-induced external stressors while supporting a healthy-looking, hydrated complexion.

50 ml

Gentle Touch Of The Sun

Sun Oil

**Lightweight sun care with a natural
bronzed appearance.**

ALN LAB Gentle Touch of the Sun is a dry-touch sun oil (SPF 30+) developed to help support the skin's moisture balance and skin barrier during sun exposure. Enriched with **Carrot Oil** and **UV filters**, its lightweight texture absorbs quickly without leaving a greasy feel while helping the skin achieve a natural-looking bronzed appearance.

Its nourishing formula helps maintain softness and comfort during sun exposure.

50 ml

Invisible

Body Sunscreen

Broad-spectrum body protection with lightweight hydration and skin comfort.

ALN LAB Invisible Body Sunscreen **SPF 50+ PA++++** is formulated with photostable UV filters to provide broad-spectrum UVA and UVB protection while helping support the skin's moisture balance. Its lightweight texture absorbs easily without leaving a heavy or greasy feel, offering comfortable protection for daily sun exposure.

Enriched with **Panthenol**, the formula helps support the skin barrier and maintain hydration, leaving the skin feeling soft, comfortable, and protected.

200 ml

Bronzing Oil

Tanning Oil

A nourishing oil for an even and radiant bronzed look.

ALN LAB Bronzing Oil is developed to help support a natural-looking and even tan while nourishing the skin.

Its formula is enriched with Carrot Oil, Jojoba Oil, Coconut Oil, Argan Oil, and Vitamin E to help soften and moisturise the skin while enhancing the appearance of a bronzed glow. Its lightweight oil texture leaves the skin feeling nourished, smooth, and comfortable.

For sun exposure, it is recommended to use alongside a sunscreen product. Avoid prolonged sun exposure even while using sunscreen.

200 ml

Sunny Shield Baby Sunscreen

Baby Sunscreen

Gentle and reliable sun protection for delicate skin.

Developed for babies' delicate skin, ALN LAB Sunny Shield Baby Sunscreen **SPF 50+** helps provide broad-spectrum **UVA** and **UVB** protection with a lightweight and comfortable texture.

Its gentle formula absorbs easily and leaves the skin feeling soft and comfortable. Enriched with **Panthenol**, it helps support the skin barrier and maintain moisture balance. Suitable for daily sun care.

50 ml

Sunny Shield Kids Sunscreen

Kids Sunscreen

High-protection sun care for sensitive children's skin.

ALN LAB Sunny Shield Kids Sunscreen **SPF 50+** is formulated with photostable UV filters to help provide broad-spectrum **UVA** and **UVB** protection for children's sensitive skin.

Its lightweight and comfortable texture absorbs easily without leaving a heavy feel, while **Panthenol** helps support the skin barrier and maintain moisture balance. Designed for daily sun care with gentle and effective protection.

100 ml

A New-Generation Approach to Skincare with PDRN

PDRN (Polydeoxyribonucleotide) is a DNA-derived skincare active recognised for its skin-revitalising and moisture-supporting properties.

It helps improve the appearance of skin firmness, smoothness, and vitality while supporting a healthier-looking complexion.

Anti-Aging & Firmer Appearance

Helps reduce the appearance of fine lines and wrinkles while supporting firmer and more supple-looking skin.

Moisture & Texture Care

Helps support moisture balance for a plumper, smoother, and more radiant-looking appearance.

Skin Barrier Care

Helps support the skin barrier for improved comfort and resilience.

Brightening Effect

Helps improve the appearance of uneven skin tone and dullness for a brighter-looking complexion.

Botanical Power, Scientific Effect: Pro-Xylane™

Pro-Xylane™ (Hydroxypropyl Tetrahydropyrantriol) is a plant-derived anti-ageing active derived from beech-sourced xylose.

Known for its skin-friendly and well-tolerated structure, it is widely used in premium anti-ageing formulations to help support moisture retention, elasticity, and visible firmness.

By helping improve hydration levels, it contributes to a plumper, smoother, and firmer-looking complexion.

Discover the advanced formulas that bring
these powerful actives together.

Anti Aging Serum

Anti-aging Serum

Renewal, firmness, and multi-level hydration support.

Developed to help address visible signs of ageing, ALN LAB Anti-Ageing Serum is formulated with advanced skincare actives for sensitive and dryness-prone skin. **Sodium DNA (PDRN)** helps support skin surface renewal, while **Pro-Xylane™** helps improve the appearance of elasticity and firmness. **Acetyl Hexapeptide-8** helps reduce the appearance of fine lines and wrinkles, while the **8D Hyaluronic Acid Complex** delivers multi-level hydration for a plumper and smoother-looking complexion.

Enriched with Stable **Vitamin C**, **Niacinamide**, and **Rice Water**, the formula helps support a brighter and more even-looking skin tone. **Centella Asiatica** and **Panthenol** help soothe sensitive skin while supporting the skin barrier.

With regular use, it helps improve the appearance of firmness, radiance, and skin texture for a healthier-looking complexion.

40 ml

Anti Aging Face Cream

Anti-aging Cream

**Multi-Layer Moisture, Strong Barrier,
and Anti-Aging Care**

Developed for sensitive and dryness-prone skin, ALN LAB Anti-Ageing Face Cream helps support the skin barrier while improving the appearance of firmness, elasticity, and overall skin comfort. **Pro-Xylane™** helps support a firmer and plumper-looking complexion, while the **8D Hyaluronic Acid Complex** delivers long-lasting hydration across multiple levels of the skin's surface. **Ceramides** help strengthen the skin barrier and help minimise moisture loss.

Enriched with **Centella Asiatica**, **Panthenol**, and **Niacinamide**, the formula provides soothing care while helping support a stronger and more balanced-looking complexion. **Rice Water** contributes to a naturally radiant appearance.

Its lightweight yet nourishing texture absorbs easily, leaving the skin feeling smoother, softer, and more comfortable with regular use.

35 ml

Sensitive Face Toner

Barrier Support Toner

A multi-hyaluronic, skin barrier-friendly toner for daily hydration and comfort.

Developed for sensitive and dryness-prone skin, ALN LAB Sensitive Face Toner is an intensely hydrating and soothing toner designed to prepare the skin for the next steps of the skincare routine while supporting moisture balance and skin barrier comfort. Its **8D Hyaluronic Acid Complex** delivers multi-level hydration to support a plumper, smoother, and more supple-looking complexion, while **Sodium PCA** helps maintain the skin's natural moisture reserves throughout the day.

Enriched with **Centella Asiatica**, **Aloe Vera**, **Chamomile Extract**, and **Panthenol**, the formula helps soothe the skin and reduce feelings of sensitivity. **Rice Water** helps improve the appearance of brightness and overall skin balance. Its lightweight, refreshing texture absorbs quickly without leaving a sticky feel, making it suitable for daily use.

150 ml

Purifying Gel Cleanser

Cleansing Gel

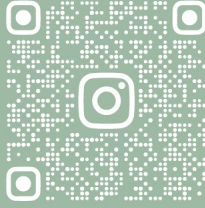

A gentle, skin barrier-supporting
cleansing gel for daily skin comfort.

Developed for sensitive and dryness-prone skin, ALN LAB Purifying Gel Cleanser gently removes impurities while helping maintain the skin's natural moisture balance. Its soothing formula is enriched with **Centella Asiatica**, **Beta-Glucan**, **Oat Extract**, and **Panthenol** to help comfort the skin during cleansing, reduce feelings of dryness and tightness, and support the skin barrier.

A care complex containing **Aloe Vera**, **Allantoin**, and **Rice Water** helps leave the skin feeling softer, smoother, and refreshed after cleansing. Its gentle cleansing system purifies without disrupting the skin's moisture balance, preparing the skin comfortably for the next steps of the routine. With regular use, the skin feels cleaner, softer, and more balanced.
